

## A World of Jazz - Playlists

The 30 April is International Jazz Day. To mark this event, we have prepared lists of a selection of recordings of jazz music from Africa and around the World that are available in Cape Town libraries. We would like to introduce you to these amazing musicians.

Jazz is an international genre of music and there are unique styles and versions of jazz on all continents and in most countries around the world. Important styles of jazz include Afro-Jazz, Latin Jazz, Caribbean Jazz, Indo Jazz and Euro Jazz. Jazz musicians are important contributors to a global culture of music and regularly work in multi-cultural combinations with musicians from many different countries.

The Cape Town Library Service holds thousands of compact discs and the lists below are just a very small representation of the thousands of CDs that are available in our libraries. To celebrate the incredible variety of jazz styles from around the world and the development of music culture everywhere we would like you explore our music collections.

The LIS holds multiple titles by many of the artists listed below. For instance, performers such as Manu Dibango from Cameroon, the French piano player Michel Petrucciani and Norwegian saxophonist Jan Garbarek, as well as, Abdullah Ibrahim and Zim Ngqawana from South Africa are all very well represented in our collections of CDs. Please enquire at your library about the artists who interest you.
